SYMPHONIQUE VITAMIN A INFUSION (75 MINUTES)

What to expect

Ignite the senses! Experience this unique signature treatment that combines ancient therapeutic methods with the latest anti-aging Vitamin based skin science.

Your treatment journey

This treatment will take you on a journey incorporating medically proven remedies from the ancients with the scientifically proven ingredient breakthroughs of the future.

The infusion facial enhancement treatment includes Vibrational Sound Therapy to bring about equilibrium, re-alignment and deep relaxation clinically proven by the University of California. The treatment includes a cleanse, tone, steam exfoliation followed with the application of 3 different clay forms in the triple clay methyl mask. While the clays absorb pollution and impurities from the skin, you will enjoy a full arm clinical exfoliation and massage, infusing Chilean Grape Seed Oil into the skin.

This treatment is completed with the infusion of six rejuvenating Vitamin A variants through the new internationally renowned and patented Symphonique Eye Zone Therapy Gel, Hyaluronic Serum and Anti-Aging creme. Watch your skin completely change within 15 minutes.

CLINICAL DE-PIGMENTATION LUNCHTIME PEEL (45 MINUTES)

What to expect

Beauté Pacifique Medical Laboratories proudly release Medical Aesthetic In-Clinic No-Downtime Peel Treatment for Pigmentation. Enjoy Beauté Pacifique's Clinical De-Pigmentation Peel during your daily break.

Your treatment journey

This treatment includes a deep cleanse and tone followed by the application of the Medical Exfoliation system. Glycolic, Salicylic and Azelaic acids gently and effectively illuminate and smooth the skin's surface, resulting in a rosy, instant glow, without the downtime.

The peel is followed by the application of a Vitamin A & C Melanin Inhibitor Serum which is masked over with an intense Vitamin A, E, Sodium Hyaluronate and Collagen Hydration Mask. Licorice Root and Rooibos Extracts are well known wound healing and anti-oxidant extracts, helping to reduce irritations within the skin and providing instant comfort to sensitive skin. It enables the skin to accept high dosage active ingredients without side effects, allowing fast acting ingredients to be tolerated even by sensitive skin types. Rich anti-oxidants including Aspalathin are natural plant based medicinal ingredients that care for dry and irritated skin. These ingredients are slowly infused into the skin.

Enjoy a relaxing neck and shoulder massage while your skin absorbs, and instantly responds to the clinical actives. The treatment is completed with the application of Tyrostase Pigment Inhibitor, Creme Metamorphique and Stay Beautiful SPF 30.

MEDICAL - NIACIN LASER PREP TREATMENT (60-90 MINUTES)

What to expect

CLINICAL Super3 Niacin Laser-Prep Creme is used as prep-treatment to non-ablative laser/IPL treatments. The creme dilates the blood vessels for better light energy absorption and enhanced production of collagen as stimulated by IPL/laser treatment.

Prep-treatment with Niacin Laser-Prep typically increases the collagen synthesis rate by 30 %. (Clinical Trial Prof. Peter Bjerring).

Your treatment journey

Massage Clinical Super3 Niacin Laser-Prep creme thinly onto the target-area for 30-60 minutes before treatment with non-ablative, rejuvenating IPL or laser treatment.

Rinse off with water after the prep-treatment and before the IPL treatment.

It is essential to prepare and repair the skin's ceramide barrier at home using our 3 laser-essential Beauté Pacifique Medical products:

1. Tyrostase Brown Pigment Equalizer
2. Xtra Dry Skin Fix
3. Stay Beautiful SPF30
